Make a Deposit

To make a deposit, choose “Make a Deposit” from the mobile deposit menu.

All savings and checking accounts are enrolled in mobile deposit so you can choose the account you want the funds to go to.

You will enter the amount of the deposit as well as take a picture of the front and back of the check.

When taking a picture of the back of the check, please be sure to use the required endorsement as displayed.

You must sign and endorse the check as “For OUFCU Mobile Deposit Only” and include your member number.

When all fields have been completed and the pictures are done, you will click "Deposit."

If there is an issue with the check (missing endorsement, etc.) you will be contacted by the credit union via online banking by the next business day.

At any time you can return to the main menu and choose "Instructions" to review the process.
