

Setting Account Alerts!

The Alerts option allows you to receive alerts as they relate to certain types of transactions. Alerts will be sent 5 times per day- 7am, 10am, 12pm, 3pm, and 5pm. The alerts will cover all of the time period from the previous time to the current time. For example, a transaction meeting the criteria selected by the member that occurs at 2:30pm will be sent as an alert at 3pm. A transaction meeting the criteria that posts at 2am will be sent at 7am.

The first time you clicks on “Alerts,” you will need to acknowledge and accept the “Alerts” disclosure.

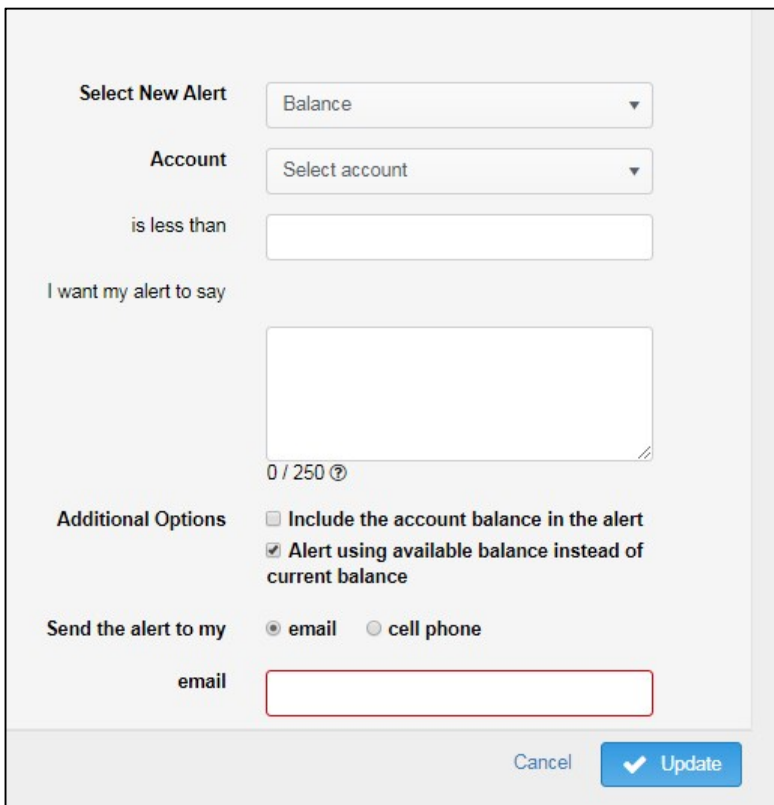

You can choose from the following alert options- balance, transaction, check number or loan payment due. You can also choose to have alert messages sent to you via text or email.

The screenshot shows a form titled "Add Alert". On the right side, there is a dropdown menu labeled "Select New Alert" which is currently open, showing the following options: "Select New Alert" (the selected item), "Balance", "Transaction", "Check Number", and "Loan Payment Due". To the right of the dropdown menu is a blue button labeled "Update".

Balance Alerts

Balance alert options are used to alert you when your balance goes below a set point. Users can enter what they would like the alert to say as well to include the account balance and whether the alert is sent via email or text message.

The screenshot shows a form for setting a balance alert. It includes the following fields and options:

- Select New Alert:** A dropdown menu with "Balance" selected.
- Account:** A dropdown menu with "Select account" selected.
- is less than:** An empty input field.
- I want my alert to say:** A large text area for entering the alert message, with a character count of "0 / 250".
- Additional Options:** Two checkboxes: "Include the account balance in the alert" (unchecked) and "Alert using available balance instead of current balance" (checked).
- Send the alert to my:** Two radio buttons: "email" (selected) and "cell phone" (unselected).
- email:** An empty input field for the email address.
- Buttons:** "Cancel" and "Update" (with a checkmark icon) buttons at the bottom right.

You will then click “Update” to set the alert.

Existing Alerts will then appear on the dashboard.

Alerts

[+ Add Alert](#)

Account	Alert Type	Send	Alert Message
! BASIC DRAFTS - 1	Balance	405325	Deposit More \$\$ to account

To edit an existing alert, click on it and an “Edit” screen will appear. Once all changes have been made, you can then update the alert.

Transaction Alert

You can add an alert that will let you know when a withdrawal has been made or if a deposit has been received.

For example, if you would like to be notified when your federal tax refund posts to your account, enter the name of the anticipated payee or the rough amount you are expecting.
